12. DESCRIBE PROPOSED OR COMPLETED OPERATIONS. Clearly show all pertinent details including dates, depths, volumes, etc. <p>This sundry is being submitted as notice that BBC would like to add the Mancos formation to its objective formations. The initial objective completed will be the Mancos formation, followed later by the Wasatch/Mesaverde. Prior to commingling the Mancos with the Wasatch/Mesaverde, BBC will file the necessary permission to commingle. The revised proposed TD is 14172'.</p> <p>Revised drilling plans are attached. In addition, because the Mancos is not within the participating area, BBC initially will set 2, low profile, 300 bbl tanks on location to hold the Mancos production from this well. At the time strips are lifted, BBC will then lay another buried line within the existing approved corridor from the well pad to the tie-in point proposed in the APD to pipe to the CTB facility and the 2, low profile tanks would be moved from the well pad to the CTB.
